Christmas & Winter Appeal 2023

2023 Christmas 'Shoe-Box' Appeal

To help vulnerable teenagers step away from potential trafficking and into a safe future, our Moldovan care homes provide safety, shelter and tailored assistance within a caring family environment. Domestic life skills are built while the residents complete further education.

As you can imagine, running care homes filled with teenagers/young adults is expensive and the homes experience a lot of wear and tear. The outreach to provide support to disadvantaged children and desperate families in Moldovan communities requires time and money.

Whilst we are delighted with the difference we are currently making, sadly, we see more need both in Moldova and in our local UK communities that we wish to address.

While our network of UK charity shops are a good source of funding, we greatly rely on the kind donations of supportive donors. By giving a one-time financial donation or, better still, becoming a monthly donor you can help us help the helpless both in Moldova and the UK communities in which our Stella's Voice shops are based.

- Care home resident's daily essentials
- Maintenance costs of our care homes
- Ongoing support to the Cupcui children's care home & fun activities for disadvantaged children
- HOPE PACKAGES (food, wood & supplies to Moldovan families)
- Transportation costs

We encourage individuals, schools, churches, clubs to join us in bringing excitement and hope to those who have none by the provision of Christmas boxes. To many of the recipients it is the only gift they receive.

The "Stella's Voice 2021 Christmas Shoebox" slip explains the steps to donating a Christmas Gift box and recording essential information. If this slip is missing from your leaflet you can print a replacement or get more information at stellasvoice.org.uk/christmas

Tatiana's Story

Tatiana comes from the village in the Orhei region in Moldova where she lived in a house with no income or means of support. During this time she was taking care of her younger brothers. The youngest brother she had raised from birth when their mum told them she didn't want any of the children any more - Tatiana and her 3 brothers all have different fathers who are unknown to them.

LIVING ROOM

Tatiana and her brothers lived with their alcoholic grandmother and she had to try and find work in the village to support her brothers and grandmother.

An environment of drug use, alcohol consumption and prostitution was the existence that Tatiana and her three young brothers lived in.

Tatiana was put at risk when her mother wanted to sell her abroad but her grandfather (now deceased) intervened and Tatiana was saved.

Two of her brothers are living in a State Children's Homes in Moldova with the oldest one recently coming to live at our boys home.

Tatiana heard about Stella's Voice from the pastor of the local church in the village.

TATIANA NOW AT
STELLA'S VOICE

When Tatiana came to Stella's Voice, her biggest wish was to go to school so she could go on to specialise in medicine.

She was baptized in July 2023 and her life has changed radically. Tatiana is very thankful for the opportunity to live in a Stella's Voice home and to be able to continue her studies.
